INSTITUTION**

**GREEN BRIGADE
ACTIVITIES
2022-2023**

Preface

Institutional self-enquiry is a natural and necessary outgrowth of quality of higher education. Concern about environmental degradation and realization of values of environment are logical consequences of scholarly research, teaching and learning process. In its pursuit of environmental quality and to maintain a pristine environment for future generations S.S.D.P.C. Girls P.G. College has made a self-enquiry on environmental quality of campus.

This report is compiled by a committee constituted by the Principal. As standard model for such an environment/green audit of campuses was not existing, the committee brainstormed and evolved a questionnaire. The major part of data was compiled and analyzed

The committee has made recommendations plans for sustainability to take environment protection to higher levels and it is hoped that these suggestions will be incorporated in future with the guidance and support of dynamic Principal and Management Body of the institute.

GREEN AUDIT: AN INTRODUCTORY NOTE

Green Audit is a process of systematic identification, quantification, recording, reporting and analysis of components of environmental diversity of various establishments. It aims to analyze environmental practices within and outside of the concerned sites, which will have an impact on the eco-friendly ambience. Green audit is a useful tool for a college to determine the proper use of resources and consider how to implement changes and make savings. It can also be used to determine the type and volume of waste, which can be used to improve waste minimization plan. It can create health consciousness and promote environmental awareness, values and ethics. It provides staff and students better understanding of green impact on campus. If self-enquiry is a natural and necessary outgrowth of a quality education, it could also be stated that institutional self-enquiry is a natural and necessary outgrowth of a quality educational institution. Thus it is imperative that the college evaluate its own contributions toward a sustainable future. As environmental sustainability is becoming an increasingly important issue for the nation, the role of higher educational institutions in relation to environmental sustainability is more prevalent.

The rapid urbanization and economic development at local, regional and global level has led to several environmental and ecological crises. Therefore it is essential to adopt the system of the Green Campus for the institutes which will lead for sustainable development and at the same time reduce a sizable amount of atmospheric carbon-di-oxide from the environment. The National Assessment and Accreditation Council, New Delhi (NAAC) has made it mandatory that all Higher Educational Institutions should submit an annual Green Audit Report. Moreover, it is part of Corporate Social Responsibility of the Higher Educational Institutions to ensure that they contribute towards the reduction of global warming through Carbon Footprint reduction measures.

S.S.D. College in Its Quest for a Green Environment

Established in the year 1966, Sri Sanatan Dharam Prakash Chand Girls P.G. College is located in the heart of the city, Roorkee, district Haridwar. It is situated on the banks of Ganges canal, which flows from north to south through the middle of the city and thus the responsibility of each citizen increases to sustain it.

College is very sensitive to this environmental cause and has meticulously devised ways and measures to preserve a green environment in the campus. Since the inception of college, our students, teaching and non-teaching staff have been working together through many platforms to foster a culture of self-sustainability and making the entire campus environment friendly. To give momentum to green practices and to cater to the continuous urge among students to sustain the environment Green Brigade was formed in the year 2012-13 at college level which is working towards promoting environmental consciousness in and outside campus by sharing views and spreading them in their respective areas. It aims to spread awareness amongst students regarding the natural environment and makes them understand that they are a part of it and to assess the impact of their everyday actions on it.

The college aims to protect the environment by spreading awareness to save energy, water, reducing use of disposable plastics, reducing and reusing paper, reducing carbon footprints, promoting reusable materials, books, uniforms, plantation, cleanliness drives and many more. **We believe that a better world is not only within reach, but is being built today by the efforts of each and every one.** We conduct environment friendly events which are not only brain- storming for students, but simple, interactive, interesting and that can be taken into practice easily with fewer efforts. These include rallies, cleanliness drives, planting of saplings and trees in and outside campus, poster making, poetry recitation, debates, essay writing, workshops, seminars, webinars and other awareness programs through different committees, departments and N.S.S.

Total permanent population of the institute

Students	1339
Teachers	33
Non Teaching Staff	28

The concern and sincere efforts of the college have finally borne fruits and it has been attributed first rank among the educational institutes of the city for the year 2020.

Methodology

The purpose of the green audit of Sri Sanatan Dharam Prakash Chand Girls P.G. College is to ensure that the practices followed in the campus are in accordance with the Green policy adopted by the institution. The methodology include: preparation and filling up of questionnaire, physical inspection of the campus, observation and revision of the documentation, interviewing key persons and data analysis, measurements and recommendations. Some data have also been taken from the students' research works carried out by various science departments of the college.

Objectives of the study

- Developing personal and social responsibility among the students for college campus and its environment and **thereby make them sensitive to the needs of society and nation** so as to adhere vision and mission of the college.
 - Environmental education through systematic environmental management approach.
 - Improving environmental standards.
 - Curriculum enrichment through practical experience.
 - Sustainable use of natural resources in the campus.
 - To reduce the financial burden upon the college by reducing and reusing the resources.
 - To assess the water quality of water and soil.
 - To monitor energy/water conservation.
 - To monitor noise levels.
 - To reduce carbon foot prints.
 - To make and monitor the campus clean and green.
 - To assess the maintenance of Botanical garden.
-

Measures Taken to Go Green

- Book bank and uniform bank to save energy and environment
 - Internet facility is provided to go paperless. Expansion and up gradation of website
 - Test and assignments are taken online
 - Double side use of paper for rough work
 - Promoting students to submit assignments without plastic file covers and to use double sided paper
 - Reuse of old file covers by student and staff
 - Promoting students to use e-books and study materials through e-resources
 - Botanical garden/ayurvatika is maintained
 - Students are motivated through signage's for segregation of waste
 - Various poster making competitions were organized on water, energy and environment conservation
 - Interactive what's app groups are formed by departments for online student learning
 - College committees also communicate through these what's app groups and other dedicated groups as well
 - Compost pit is in use
 - A permanent gardener and three cleaning staff are working to make the campus clean and green
 - Lack of gardening space is compensated through various innovative pot plantation through various platforms
 - Students were encouraged to plant trees outside college campus as well.
 - Power consuming Light bulbs and tube lights were replaced by efficient LED's
 - Students residing in the vicinity of college are encouraged to come to college by walking or bicycle
 - Rooms and laboratories are airy and well ventilated, full of natural light
 - Banners inculcating environment awareness are displayed at strategic locations.
 - Faculty is continuously attending professional development program, seminar ,conferences and also presenting paper related to environment

Orientation (Programme) Meeting

दिनांक 24-08-2022 को ग्रीन ब्रिगेड की छात्राओं द्वारा पर्यावरण जागरूकता को जन-जन तक पहुंचाने हेतु एक Orientation Meeting Room no-2 में आयोजित की गई।

ली.रु. प्रथम वर्ष से ग्रीन ब्रिगेड सदस्यों का चयन किया गया तथा गतिविधियों की विस्तृत जानकारी दी गई।

ली.रु. द्वितीय एवं तृतीय वर्ष की कार्यरत सदस्यों को सत्रपर्यन्त स्वच्छता व वृक्षारोपण कार्यक्रम संचालित करने के लिये नेतृत्व ग्रुप बनाकर ग्रीन ब्रिगेड प्रभारी को सौंपने हेतु निर्देशित किया गया।

इन सभी छात्राओं का उद्देश्य इस अभियान के लिए नेतृत्व कर महाविद्यालय की समस्त छात्राओं को महाविद्यालय परिसर एवं अपने घर के आस-पास की स्वच्छता के लिए प्रेरित करना है।

श्री सनातन धर्म प्रकाश चंद्र कन्या महाविद्यालय रुड़की

श्रीन ब्रिगेड अपील

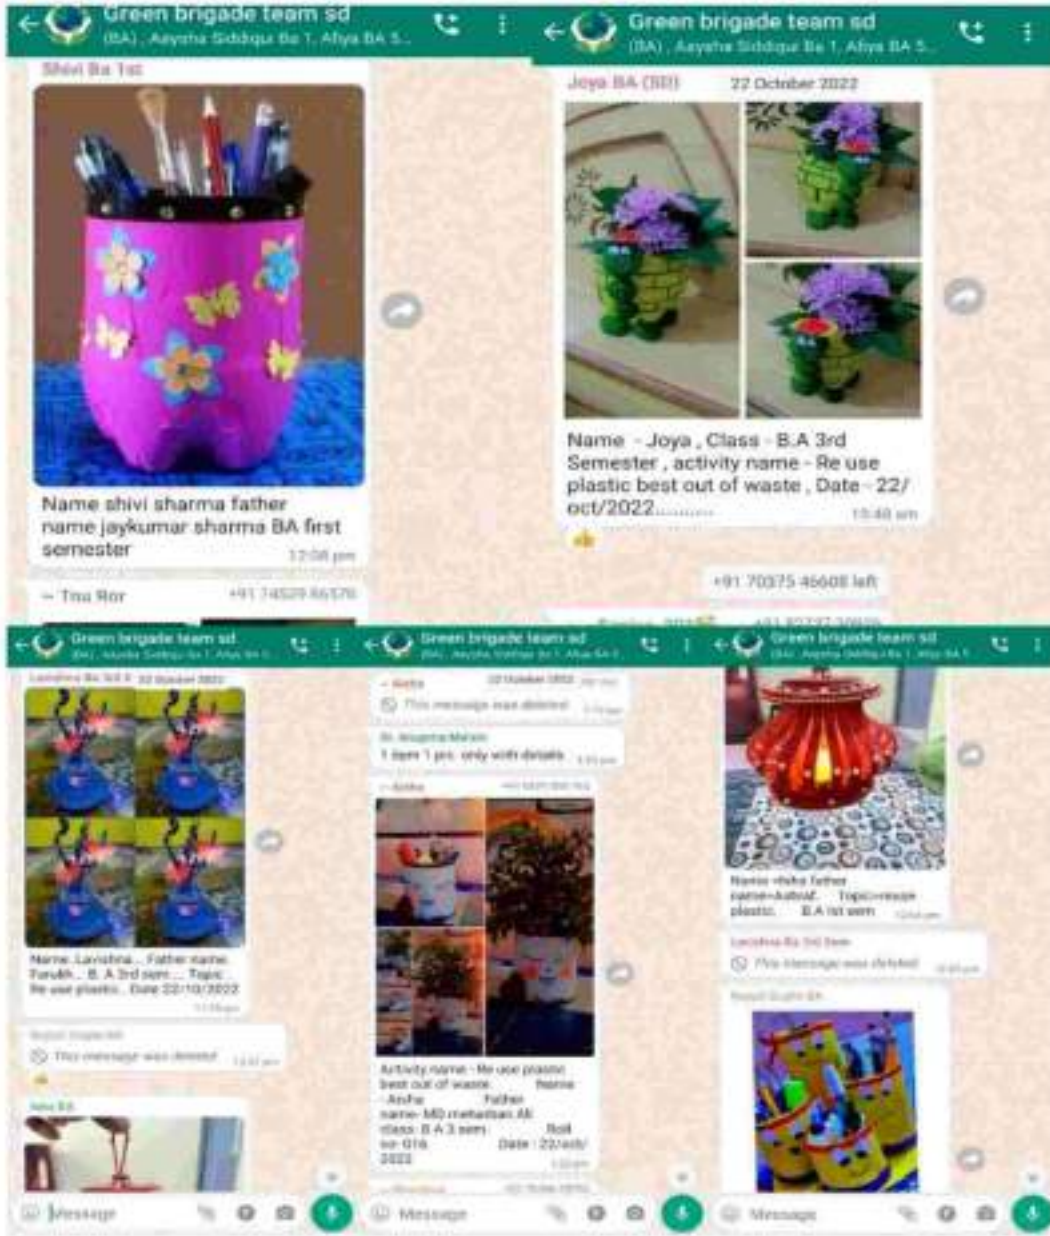

दीपावली के पावन अवसर पर अपने पर्यावरण को शुद्ध बनाने के लिए आपके प्रयास।

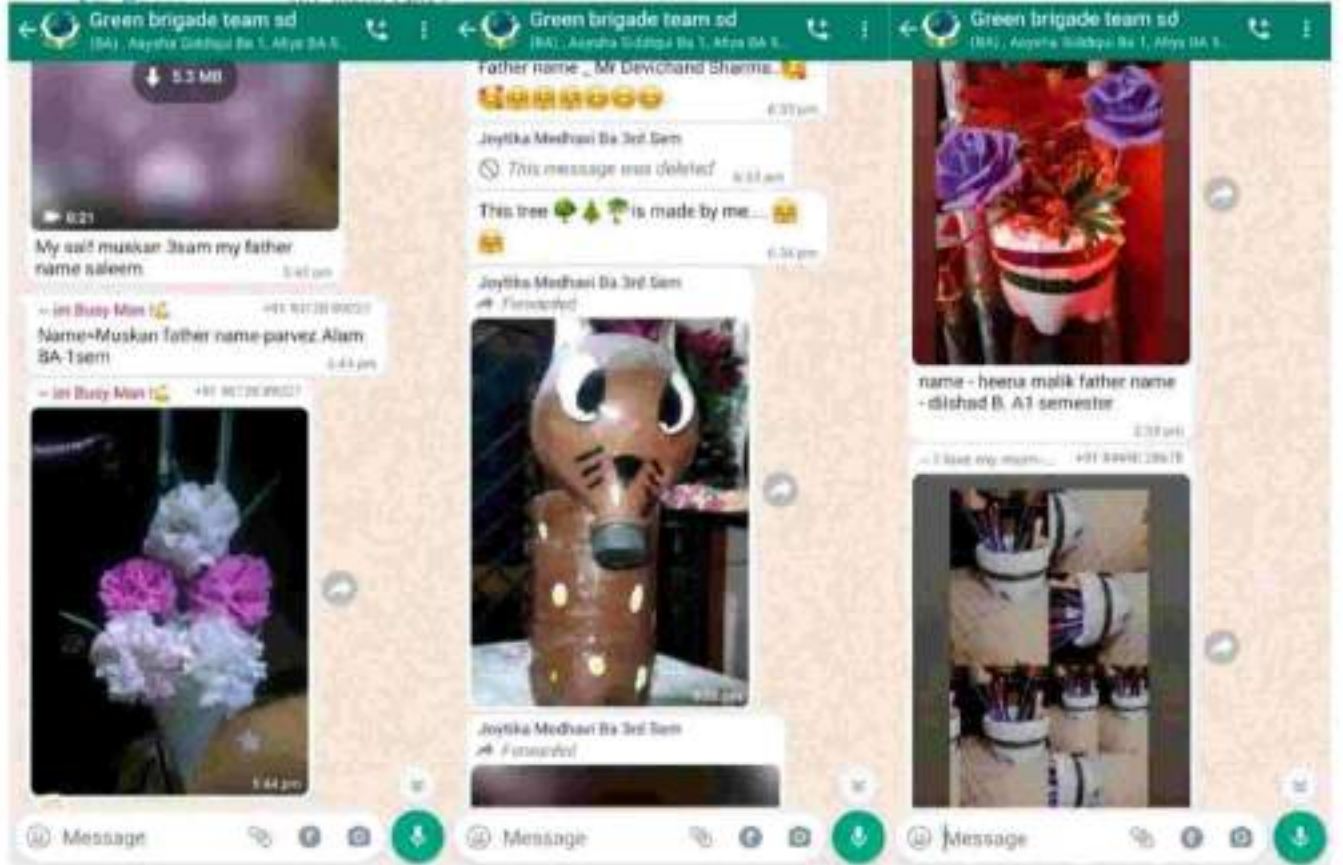

1. इलेक्ट्रिक लाइट्स के ज्यादा इस्तेमाल से बचे और इसकी जगह मिट्टी के दीयों का इस्तेमाल करें। मिट्टी के दीयों के प्रयोग से बिजली-बचाने में मदद मिलेगी
2. प्लास्टिक के बैग के स्थान कपड़े के या जूट या कागज के बने बैग का इस्तेमाल करें।
3. इनको उपहार में भी दे सकते हैं। गिफ्ट रैप करने के लिए आप न्यूजपेपर से बने या शीन फैब्रिक से बने रैपर का इस्तेमाल करें।
4. वायु प्रदूषण को ध्यान में रखते हुए पटाखों से दूरी बनाना ही बेहतर होगा। आप दूसरों को भी पटाखें ना खरीदने को लेकर जागरूक करें।
5. आमतौर पर बाजार में केमिकल युक्त रंगोली के कलर्स मिलते हैं। इसकी जगह नैचरल कलर्स खरीदें।
6. प्लास्टिक के फूल भले ही सस्ते आएँ लेकिन बेहतर विकल्प प्राकृतिक फूल ही हैं। सबसे बड़ा फायदा यह है कि ये फूल बायॉडिग्रेडेबल होते हैं जो किसी भी तरह से पर्यावरण को नुकसान नहीं पहुंचाते। वहीं प्लास्टिक के फूलों को नष्ट करना मुश्किल होता है।
7. दिवाली खुशियों और उल्लास का त्योहार है। इस दिवाली आप फूड वेस्टेज को कम करने में मदद कर पर्यावरण संरक्षण में योगदान दे सकते हैं।
8. प्लास्टर ऑफ पेरिस/ प्लास्टिक की बनी परतिमा के स्थान पर मिट्टी से निर्मित प्रतिमाओं को पूजा में स्थान दें।

इस सम्बंध में और व्यक्तियों को जागरूक कर अपने पर्यावरण को स्वच्छ बनाये।
